PROFESSIONAL SUMMARY

Full-Stack Developer (MERN/Java) and Founder of **Study Group Hub**, serving **20,000+ students** through AI-powered educational resources. **Microsoft** and **Google Student Ambassador** who has conducted **15+ cloud and AI workshops** for **800+ students**. Skilled in building and deploying web applications with React, Node.js, and MongoDB, with **100+ DSA problems solved**. Seeking a software development role to build reliable, user-focused products.

EDUCATION

Kanpur Institute of Technology (KIT), Kanpur — *2026 – 2029*
Bachelor of Technology (B.Tech) 2nd Year in Computer Science & Engineering (AIML) — *Pursuing*

Govt. Polytechnic College, Sikandra, Kanpur Dehat — *Aug 2023 – June 2026*
Diploma in Computer Software Engineering — **Aggregate Marks: 70%** | *Completed: 2026*

TECHNICAL SKILLS

Languages:	Java (Core & OOP), JavaScript (ES6+), SQL, HTML5, CSS3
Web & Frameworks:	React.js, Node.js, Express.js, MERN Stack, Bootstrap, Tailwind CSS, Java Swing
Cloud & AI:	Microsoft Azure, Google Cloud Platform (GCP), Firebase, AI Tools Integration
Databases:	MySQL, MongoDB
Developer Tools:	Git, GitHub, VS Code, JDBC, Android Studio, Postman
Problem Solving:	Data Structures & Algorithms (DSA) – 100+ Problems Solved, LeetCode Practice,

EXPERIENCE

Microsoft Student Ambassador (MLSA) | *Microsoft* — *July 2026 – Present*
- Conducted **15+ AI and Cloud workshops** reaching **800+ students**, focusing on Azure AI, GitHub, and cloud technologies.
- Mentored campus peers in open-source contributions and software engineering practices.

Google Student Ambassador (GSA@2026 Lead) | *Google* — *April 2026 – Present*
- Achieved a **Top 200 national ranking among 15,000 students** in the Google Student Ambassador program.
- Led community outreach and promoted Google Gemini AI and developer resources.

Founder & Full-Stack Developer | *Study Group Hub* — *Jan 2024 – Present*
- Architected an educational portal serving **20,000+ students** across diploma and engineering domains.

Campus Minister | *GeeksforGeeks* — *July 2025 – Dec 2025*
- Organized **10+ competitive programming drives** and DSA mentorship sessions.

Summer Training | *BTPS Company, Kanpur* — *June 2025*
- Completed a **2-month training in Java Programming**, building small projects and understanding OOP concepts.

PROJECTS

Study Group Hub Platform | studygrouphub.in — GitHub Code — *React, Node.js, Express, MongoDB*
- Built a full-stack educational portal serving **20,000+ students** with digital notes distribution and exam resources.
- Implemented JWT authentication and role-based access control to support secure platform access.

WeatherGPT – SIH 2026 Project | GitHub Code — *React, Python, FastAPI, AI, Weather APIs*
- Developing a conversational AI weather assistant that enables users to query weather conditions, forecasts, and climate information using natural language.
- Planned capabilities include location-based forecasts, weather alerts, and multilingual interaction to make weather information more accessible.

LEADERSHIP & ACHIEVEMENTS

- **Google Student Ambassador (GID: 733):** Selected for the 2026 Google Student Ambassador program.
- **Community Founder:** Built Study Group Hub into a community for diploma and engineering learners.
- **Competitive Coding:** Active LeetCode problem solver with **100+ problems solved**, focused on Data Structures and Algorithms.

CERTIFICATIONS

- **Microsoft:** Applied Skills – Generate Reports with AI Research Agents.
- **Microsoft Azure:** Azure Fundamentals (AZ-900).
- **Google Cloud:** Professional Cloud Architect; ML Models with BigQuery ML; IoT Fundamentals.
- **GitHub & Wadhwani Foundation:** GitHub Foundations Candidate; Professional Skilling Certificate (Udyam).
- **Credential Profile:** View certifications and badges on Credly
